

BENEATH

DRIVER

LANE

HISTORY

Welcome to Beneath Driver Lane,
a shrine to quality liquor, great food, and good times.

This basement in the heart of Melbourne's CBD is one of our city's original buildings, initially operating as the underground Money Order Office for the General Post Office. We have stripped the walls back to raw brick and utilised natural materials to honour the original beauty and history of the venue. We pride ourselves on creating a welcoming environment that houses top quality drinks and food.

Welcome to our Beneath Driver Lane, where good times are a plenty and the bar is never dry.

HOUSE RULES

'Happy' is not limited to just one hour.

Name-dropping isn't cool, regardless of who you are.

Please don't sleep at our tables. We don't eat in your bed.

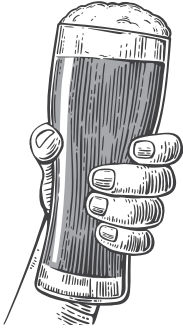

Friends don't let other friends go thirsty.

Telling lies is unacceptable, you may however
grossly exaggerate.

Buying someone a drink is always five times
better than a handshake.

When you do eventually exit, please do so quietly,
our neighbours above us are sleeping.

Salute!

To mention that Highland single malts diverse is an understatement. Stretching from the Glasgow commuter belt to the Pentland Firth and from the fertile east coast to the rugged west, this vast area boasts a rich variety of distillery styles. From light and grassy to heavily sherried – these are whiskies that refuse to be pigeonholed.

Glendronach 12yr
Glenmorangie Quinta Ruban
Ben Nevis 10yr

SPEYSIDE\$38

Considered as a ‘sub-region’ of the Scottish Highlands, named as such due to the large number of Scotch whisky distilleries in a comparatively small area. In fact, there are 84 working distilleries in Speyside today and the majority use sherry casks to age their whisky.

Glenlivet 15yr

Glenfiddich Fire & Cane

ISLES\$38

ISLAY\$38

The southernmost of its island chain, Islay is known as ‘The Queen of the Hebrides’ and is certainly the reigning monarch of a typically smoky, peaty style of single malt whisky. But there’s much more to this beating heart of distillation, which has eight active producers and more to come.
